

**SAT Preparation Class at St. Pius X High School  
February 2, 9, 16, 23, 2008; 9 a.m. to 1 p.m.**

SAT Prep is a class offered outside of the regular school day for juniors and seniors who want to do some extra preparation for the SAT tests. At St. Pius X our students are continually preparing for this test when they do summer reading, take four years of math, study vocabulary lists, write essays, and read good literature. In fact, the best preparation of all for the SAT is a challenging high school college prep curriculum like the one offered at St. Pius X. However, some students will benefit from some intentional tutoring and practice before taking the SAT test.

The SAT Prep course offered to St. Pius X students consists of 4 hours of class for 4 consecutive Saturdays. Each Saturday the students will work 2 hours on the Verbal sections of the test with Ms. Mary Martha Spear, English teacher, and 2 hours on the Mathematics sections of the test with Mrs. Beth Thompson, Mathematics teacher. Instruction is given on strategies for taking the test as well as the actual content of the tests. Students take practice tests every week and have the opportunity to discuss the questions they answered incorrectly. All materials are provided except for calculators, which are needed for the math sections of the test. The cost is \$175 and is paid at the time of registration.

Notification will be given by email as soon as the registration form and check are received. This will confirm the student's name on the class roll. No walk-ins on the first day of the class will be allowed so please register early.

Since no make-up classes are provided, students and parents are encouraged to check their calendars in advance of signing up for the class.

The Verbal classes will meet in room 211 and the Mathematics classes will meet in room 217. Weekend access to the building is provided from the parking lot behind the gym by the Roar Store and the exterior doors near room 211.

Mrs. Beth Thompson and Ms. Mary Martha Spear
