

Algebra One – CP2

Directions: For single and “and” inequalities do one “yes check” & one “no check”. For “or” inequalities, do one “yes check” & TWO “no checks” of the SAME number. “And” statements have the variable in the middle and uses ONLY less than signs. For others the variable must be on the left.

1/7	7-1	p. 388	# 18-36 Even
1/8	7-2	p. 396	# 20-40 Even
1/9	7-3	p. 403	# 20-36 Even
